Connor-

Here's the updated sampling map.
Includes combined PFOA/PFOS results for 44 of 45 private wells sampled to date.

Here are the corrected maps.

Thanks

[Nonresponsive based on revised scope]

Here are those figures, updated based on your info below.

Thanks

Hey Nonresponsive based on revised scope

Could you tell me which locations the blue dots are? According to my notes there should only be one blue dot left.

Thanks

Nonresponsive based on revised scope

Attached are those two figures, updated with the most recent 0309 data you provided.

Thanks

Hey Nonresponsive based on revised scope

Sorry but would it be possible to have this updated by COB tomorrow? EPA just requested it for a meeting.

Thanks

Sure we can update the two figures with this data provided.

Quick question, what "as of date" do you want to put in the title bar for this data?

Hey, Nonresponsive based on revised scope

Attached is a GPS file with only one sampling location and an updated results table. Would you be able to update both maps with this information? Is it possible to have a draft by Friday? Please let me know if you have a question.

Thanks,
Nonresponsive based on revised scope
